QUICK INSTALLATION GUIDE

[ACT-IRx24UN-Lx / ACT-IRx24UN-Lx-LE GENERAL SETUP PROCEDURE]

1. **WARNING: Do NOT plug Adapter into USB port, until Driver on this CD has been installed!**
2. For Windows 98/ME/2000/XP/Vista & Win 7, follow below steps. For *WinCE, Mac, Android & Linux OS*, please manually browse the installation CD and find the setup packed file under folder of "Driver" to extract it and set up.
3. Make sure there is no driver named: "PL-2303 USB-to-Serial" or "PL-2303 Vista Driver Installer" in "Add or Remove Program" of Win2K/XP or in "Programs and Features" of Windows Vista/Win 7/8. If exists, please **remove it first**.
4. Insert the installation CD and it will install driver into PC automatically. If you find it not AUTORUN, especially in Vista /Win 7/8, make sure the "AUTORUN" option under "Control Panel=> AUTOPLAY" has been selected. Otherwise please browse the CD and run **Autorun.bat, or Autorun.exe** manually.
5. A welcome screen for PL-2303 Driver installer will show up. Click "Next" to continue.
6. When this Installation completes, click "Finish" to close the Wizard window.
7. Now plug ACT-IR224UN adapter into USB port. It will lead you to a "Found New Hardware" procedure to complete the installation
8. For details of the procedure, please refer to Chapter of "Installation" in the manual.
9. After driver installed, please refer to Chapter of "Installation Check" in the manual for necessary Program and COM Port check.
10. **[Windows 8 Note]** : The Driver Installer v1.7.0 is Only for new IC PL2303-TA which is compatible with Windows 8 under this version. If you use old IC which is PL2303-HXA inside (**check the S/N number** from the dongle backside. If its prefix does **not begin with "TA"**, then it **is IC PL2303HXA** inside.), the **autorun** file will set Auto Update on Windows Update for Windows only but not for hardware driver and run Driver Installer v1.5.0 automatically for you.
